

We give You Glory Glory, We give You Glory Glory JESUS!

Five days in Mungul Morot and so much happened in our three days meetings!
God is Awesome! More Healing and Deliverance!

And there is more to come !!!

Pastor was really tired, but after our meetings he had more power and more peace to do the works for Jesus. He had forgotten to have his seventh day's sabbath. But now he will!!!
You must have a rest, because Even God was resting after His works: on the seventh day he rested from all His work Gen.2:2

Don't forget to glorify Him every day Rom. 1:21

And what an amazing Holy Communion we had! Jesus was there healing, and bringing His comfort to people. We were just resting in His arms. Glory to God! These people have never experienced this kind of peace and holiness!!!
He was there!!!

The whole atmosphere changed! Glory to God, He is doing this!

This time we didn't have so many people in our meetings because of the Naadam festival. Everybody was so busy. This festival is the greatest festival in all Mongolia, so much is happening and people are dressed so beautifully.
Like I wrote before: The happiest and most fun time for Mongolians is during Naadam. It is held between 11th and 13th July every year, and it is happening in all soums, providences and cities at the same time. The festival includes a race for the fastest horses, powerful wrestling and archery that is called Eriin Gurvan Naadam.

There is more to come on our journey

Tomorrow we are going to South- Mongolia Bayanhongor.
There we are participating in a youth camp for three days!
Doing teaching about healing and deliverance, then sending them out to the streets! More revival !!!

And from there we are going to Gobi Dalanzadgad for five days...

God Bless
