14 - 22.7.2011

### *More healing and miracles*

#### **All Day Long We Want To Worship You "WE WORSHIP YOU HALLELUJAH"**

Thank you for your prayer, almost 100% were healed in Bayanhongor and Dalanzadgad. People were so open for Holy Spirit that healing came. We worshipped and praye, and we had so much fun. People were giving testimonies in many areas of their lives. New kidneys and livers, hearts, and headaches healed! Walking sticks left behind, female and male problems healed etc....

Pregnancy problems solved, childbirth testimonies etc...

There are those services that really stand out to you that something special is happening
